PROFESSIONAL SUMMARY

Full Stack Developer skilled in building responsive and scalable web applications using MERN stack. Passionate about developing clean UI and efficient backend systems. Looking for opportunities to apply technical skills in real-world projects.

SKILLS

- **Frontend:** HTML, CSS, JavaScript, React.js , TailwindCSS
- **Backend:** Node.js, Express.js
- **Database:** MongoDB
- **Tools:** Git, GitHub, Postman, VS Code
- **Other:** REST APIs, JWT Authentication

PROJECTS

- **Doctor Appointment Booking**
  Developed a web-based Doctor Appointment Booking system that allows patients to view doctor availability and schedule appointments online. Implemented features for user registration, appointment management, and real-time slot selection to improve booking efficiency and reduce manual scheduling.

  Tech Stack: React, Node.js, MongoDB
  Linke : https://health-hub-project-seven.vercel.app/

- **E-Commerce Website**
  Developed a responsive e-commerce website that allows users to browse products, view details, and manage a shopping cart. Implemented key features such as product filtering, user authentication, and secure checkout flow to enhance user experience and streamline online purchasing.
  Tech Stack: React, Node.js, MongoDB
